Summary:

Date of Visit: 16.06.2023

Location: Pondicherry

Duration: 1 day

Participants: 31 students

The industrial visit to GD Builders provided students with valuable insights into the construction and building materials industry. It is recognized for its expertise in construction materials manufacturing, building technologies, and infrastructure development. They demonstrated the key manufacturing processes such as concrete mixing, block molding, and material handling. They also discussed about integrating sustainable practices and green building solutions also partnerships with architects, engineers, and construction firms. They also discussed about the sector but also inspired to consider careers in construction and building materials with a focus on innovation and sustainability.
