Report:

Date of Visit: 12.06.2023

Location: Indore, Madhya Pradesh

Duration: 6 months

Participants: 45 students

Data Flair is an online platform that offers a variety of courses primarily focused on data science, big data, artificial intelligence, and programming languages. It is designed to cater to both beginners and professionals looking to enhance their skills in these rapidly growing fields. The 45 students attended the training program, successfully completed and received the certificate on Web development with HTML, CSS and Java Script.
