Programme report for a Webinar on “Research skills Development”

- Speaker of this session illustrates key points about the Scenario for this session resembles to enable our students and researchers to locate appropriate information and evaluate it for quality and relevance.
- Skill Development protocols allow us to make good use of information to resolve a problem.
- To synthesize and communicate your ideas in written and spoken formats with foster thinking. Researchers and Students were Participated in this event and gained more knowledge and technical constraints in online streams.
