"Recent trends of Product Development in Industry"
Date: Sunday, 19th March, 2022 at 11:00 am to 12:30 pm
Fr. S. Chandrasekar, M.Tech,
Senior Design Engineer, TAG Corporation - Chennai.

FEEDBACK FORM

Please check the appropriate box for each of the items below

| Seminar content | Strongly agree | Agree | Disagree | Strongly disagree | Does not apply |
|---|-------------------------------------|-------------------------------------|--------------------------|--------------------------|--------------------------|
| The content was meaningful and relevant to me. | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| The speaker was clear, affectionate and convincing. | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| I learned some important new information. | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| I am more encouraged to continue learning. | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| Most of my questions were answered. | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| I would recommend this seminar to my friends. | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

| Seminar and Experience | Strongly agree | Agree | Disagree | Strongly disagree | Does not apply |
|-------------------------------------|--------------------------|-------------------------------------|--------------------------|--------------------------|--------------------------|
| I was very satisfied with... | | | | | |
| The overall experience | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| The facility | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| The refreshments | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| The quality of supporting materials | <input type="checkbox"/> | <input checked="" type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

Comments/ Suggestions?
Add any other thoughts and opinions about the seminar. I value your feedback.
It is useful for us to gain some knowledge about current questions about Design.
It is very valuable time for us to learn about Design.

Please return this feedback form to your host at the completion of the seminar. Thank you for your participation.

Programme Report for “Entrepreneurship Awareness Programme (EAP) for Youth / Aspiring Entrepreneurs” held on 10th March 2022 in association with District Industries Centre

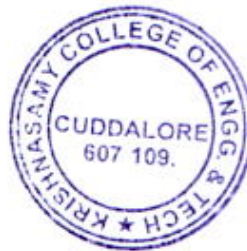

This session of the EAPs is to orient participating women to the benefits of adopting entrepreneurship as a career, learn finer skills, and overcome social, economic, and familial barriers to becoming entrepreneurs. The EAPs will develop entrepreneurial skills among women so that they could gain knowledge, skills, and motivation to build their own businesses.

Objectives of Session:

- To promote entrepreneurship among youth and thereby empower them to join the economic mainstream
- To enhance the status of youth in the society, by creating a culture of entrepreneurship amongst women in both rural and urban areas
- To develop successful models of entrepreneurship for emulation world-wide.

Nearly students from various branches were intended to participated on this occasions by gaining knowledge sharing from various experts felicitated

Programme report for a Webinar on “Research skills Development”

- Speaker of this session illustrates key points about the Scenario for this session resembles to enable our students and researchers to locate appropriate information and evaluate it for quality and relevance.
- Skill Development protocols allow us to make good use of information to resolve a problem.
- To synthesize and communicate your ideas in written and spoken formats with foster thinking. Researchers and Students were Participated in this event and gained more knowledge and technical constraints in online streams.

Dear Sir,

Sole Appreciation for the participation in the webinar on “Solidworks Design in Industry - 4.0” held on 29.09.2021 - Reg.

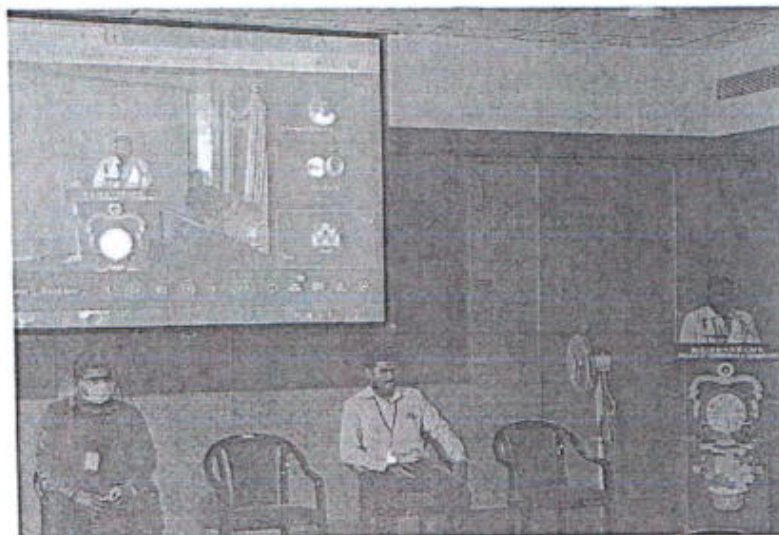

We wish to express our sincere appreciation and thanks for the lecture through webinar on “SOLIDWORKS DESIGN IN INDUSTRY - 4.0” in which the resource person has clearly delineated about the improvement of industry by the means of Solidwork Software. The care, concern and the effort, which you have made with our growing Mechanical Engineering students of Krishnasamy College of Engineering and Technology, Cuddalore, are noteworthy and significant. The contents of the webinar have been appreciated by the principal, the staff, and the students. Surely this will be helpful for student's future.

Wishing your valuable support in our future endeavours.

Best Regards,

Dr. G. Elango, M.E., Ph.D.,

Programme report for Webinar on “Intellectual Property Rights”

Research and Development cell of KCET conducted an online webinar on “Intellectual property rights” on 21/8/2021 at 10.00 am through Google meet. Dr. C.Yashwanth, Department of Information Technology, Sri Venketashwara College of Engineering and Technology, Sriperumpudhur, Chennai delivered the key note address on Intellectual property rights.. Students, Research scholars and faculty members from KCET and other colleges participated and got benefitted.

Programme report for Innovative Research on “Renewable Energy Systems”

Renewable energy systems are technologies that harness energy from naturally replenishing sources such as sunlight, wind, water, and geothermal heat. These systems are essential components of the transition towards more sustainable and environmentally friendly energy production. Solar energy systems utilize photovoltaic cells or solar thermal collectors to convert sunlight into electricity or heat, respectively. Wind energy systems harness the kinetic energy of wind to generate electricity through wind turbines. Hydropower systems utilize the potential and kinetic energy of flowing water to generate electricity through turbines, commonly found in dams or river-based installations. Geothermal energy systems tap into heat stored beneath the Earth's surface to produce electricity or heat buildings directly. Renewable energy systems offer numerous advantages, including reduced greenhouse gas emissions, improved energy security, and economic benefits through job creation and local energy production. However, their deployment and integration into existing energy infrastructure require careful planning to address challenges such as intermittency, grid integration, and land use considerations. Research and development in renewable energy technologies continue to drive innovation, efficiency improvements, and cost reductions, further accelerating the adoption of renewable energy systems worldwide.

Programme report for Knowledge Sharing Seminar titles as “The AI Advantage: A Deep Dive into Job Demand, Career Trajectories and the Power of AI Skills”

- This Session Experts discussed protocols and strength of AI Advantages of Programming. Whatever Artificial Intelligence career you're looking to pursue developing a strong knowledge of programming languages is a key skill that you need to harness.
- Database Modelling, Data Warehousing and Data Processing.
- Machine Learning.
- Knowledge of Intelligent User Interfaces (IUI).
- Job Demand and Problem Solving. It's at the forefront of the huge wave of digital transformation we're witnessing across the world. Skills in artificial intelligence lead to careers that make changes in a range of areas of rapid growth: Demanding factor such as Smartphone technology, Supply-chain automation, Fraud prevention, Energy supply and usage, online shopping, Email spam filters and Diagnosing illnesses.

Our Department students and also faculties were participated in this session and grabbed good well supportive ideas from experts via understanding, Job demanding problem solving, students Application Project perspective scenarios were discussed by experts. Definitely this hope of valuable session will be more benefits for faculties and students perspective in a standardized way.

Programme report for “Exploring Raspberry Pi: Applications and Innovations programme”

Krishnasamy College of Engineering and Technology (KCET) organized a technical seminar on “Raspberry pi technology” on January 10, 2021. The main of this seminar is to provide the information about the involution of raspberry pi technology with hardware industry to the students. The programme as started at 10.30.am by the chief guest Mr. Pradeep, ASP/ECE from Manakula Vinayagar Engineering College. Students are making the seminar section effectively by providing lot of involvement during the section. At a result of this seminar, A positive feedbacks are collected from students.

DEPARTMENT OF MECHANICAL ENGINEERING

This is the information conveyed to the staff members (Teaching & Non-Teaching) in our department as per the position to conduct a technical seminar programme at the academic year 2019-20 at even semester I (M.E. Automobile, A.P. Mech. Programme on industry visits and department alumni OMT) Batch: M.E. Semester: Regular Third Trimester at Nellikuppam Main Road to deliver the lecture on "Scope of Mechanical Engineers in Marine Engineering". In this regard, I (Programme co-ordinator) need your supporting signature for the successful completion of the programme.

Sl no and Responsibilities of the staff members for conducting the technical seminar programme on 23.2.2020 (Tuesday) as shown in the following table:

| Name of the Staff (Teaching / Non-Teaching) | Role and Responsibilities | Signature |
|---|---|-------------|
| Dr. S. K. Subramanian, Asst. Prof. Mech. | Coordinating Seminars | [Signature] |
| Dr. S. Manojkumar, Asst. Prof. Mech. | P. & S. Systems arrangements | [Signature] |
| Dr. S. K. Subramanian, Asst. Prof. Mech. & Dr. S. K. Subramanian, Asst. Prof. Mech. | Discussion (before seminar) | [Signature] |
| Dr. S. K. Subramanian, Asst. Prof. Mech. | Minutes arrangements and arrangement and Evaluation | [Signature] |
| Dr. S. K. Subramanian, Asst. Prof. Mech. | Report, Lecture and Invitation Distribution | [Signature] |
| Dr. S. K. Subramanian, Asst. Prof. Mech. | Invitation | [Signature] |
| All Staff members | Obeying duty | [Signature] |

Programme report for technical Seminar on “Scope of Mechanical Engineers in Marine Engineering”

Department of Mechanical Engineering of KCET organized a Technical Seminar on “Scope of Mechanical Engineers in Marine Engineering” on 25-02-2020 in C- Block seminar hall in our college premises at 10.30 am. The Chief guest Er.R.Sounderrajan, Third Merchant Navy delivered the keynote address and shared his views and ideas on Scope of Mechanical Engineers in Marine Engineering. Around 35 students and few faculty members participated and got benefitted.
